Office

Beethovenstraat 300*
1077 WZ Amsterdam
T 0800 1737

* Car Park World Trade Center

Strawinskyiaan 1
1077 XW Amsterdam

By car

Approaching from Utrecht

On the ring road A10 (zuid/south), take exit s109 - RAI. At the end of the exit, turn left, passing under the dual carriageway. At the traffic lights, turn right. Follow this road until the first set of traffic lights, where you turn right again. After approximately 200 metres, you pass under the flyover. You are now on the (extended) Beethovenstraat; Van Lanschot Kempen is to your left.

Approaching from The Hague

On the ring road A10 (zuid/south), take exit s108 - VU. At the end of the exit, follow the signs for the WTC (World Trade Centre). Turn left onto Amstelveenseweg, and immediately thereafter turn left again, onto De Boelelaan. At the second junction, turn left onto Parnassusweg, pass under the flyover, and take the second right-hand exit onto Strawinskyiaan.

Parking

The car park is at Strawinskyiaan 1. When entering the WTC car park, take a ticket from the machine. You can have this ticket stamped at our reception desk so that you can use it as an exit card when you leave. Drive into the car park and follow the signs for 'Van Lanschot Kempen'. Here, you can check in using the intercom. You can park your car in any of the 'visitors' spots. We recommend that you continue to drive in as far as possible, as the Van Lanschot Kempen entrance is located at the far end. The white door is the entrance to Van Lanschot Kempen.

By public transport

Van Lanschot Kempen can be reached by train, tram, metro and bus. Several trains, (express) tram 5, metro 50 and 51 as well as several bus lines stop at station Amsterdam Zuid. For further information go to: www.9292ov.nl.

Walking directions (outside) <5 minutes

From station Amsterdam Zuid walk in the direction of Zuidplein, leaving the station/tunnel turn right onto Mathijs Vermeulenpad. Walk parallel to the railway tracks with the office buildings on the left-hand side. At the end, you will see the Van Lanschot Kempen building to your left.
